FRIDGiGUARD™

Compliance and Protection Made Easy

Unlike consumer-grade lockboxes, the FridgiGuard refrigerator lock keeps medications secure, tracks user access, and gathers critical log information around the clock.

A Comprehensive and Digital Layer of Protection

FridgiGuard locking system comes with a cloud-based software for administrators to control and monitor user access.

No Monthly Fee

The FridgiGuard software is included in your purchase at no additional monthly cost.

Audit Trail & Reporting

Get recordings of all lock events to identify trends and key opportunities.

Wi-Fi Data Access

Remotely gather access control data from your locking unit via system Wi-Fi.

Included with Every Kit
